LETTER OF RECOMMENDATION

I am pleased to recommend Mr. Basil Mathew (Reg Number: MUT16ME012) as a prospective student for the Masters programme in your esteemed university. I have known him as a graduate student in B.Tech during the period 2016-2020. I got opportunities to observe him in close as his instructor for the courses Introduction to Mechanical Engineering, Mechanics of fluids, Maintenance Engineering and Automobile Engineering during his course of study at Muthoot Institute of Technology and Science, Kerala, India.

Mr. Basil is quite ambitious and career driven person who always works hard to achieve his goals. He was very interactive in the classes and shown keen interest towards self-learning and to be updated in the emerging areas. He was a student with self-reliance and good levels of self-confidence.

Mr. Basil's understanding of the subject and quest for knowledge constantly impressed me. He has repeatedly proved his conceptual ability and creative outlook in the class room discussions.

I am confident that Mr. Basil will excel in his studies and I support his decision to joining in your esteemed university.

Feel free to contact me if you need any further information at vipinvijayan@mgits.ac.in.
