

# **Statement of Purpose**

**Applicant Name: ANTONY THOMAS**

**Program: Business administration**

**Institution: Technical University of Ostrava**

Dear Admissions Committee,

My name is Antony Thomas and I am writing to express my interest in pursuing a Bachelor in Business Administration at Technical University of Ostrava, Czech Republic. I am excited to be a part of a community that embraces innovation, academic quality, and cultural diversity, and this programme is a wonderful fit for my academic and career goals.

My interest in business administration ignited at an early age by a deep curiosity about the process of building businesses from the ground up and their ability to adapt to changing market conditions. In high school, I actively participated in organizing school events and leading fundraising efforts. These activities not only gave me a solid grounding in project management, team coordination, and strategic planning but also fueled my passion for entrepreneurship. They showed me how innovative problem-solving and effective management can transform ideas into successful ventures.

I chose to apply to Technical University of Ostrava for several reasons. Firstly, Technical University of Ostrava's reputation for providing a high-quality education in the fields of business and economics is well-recognized. The comprehensive curriculum, which combines theoretical knowledge with practical skills, will equip me with the tools necessary to excel in the entrepreneurship and management sector. The chance to study from knowledgeable professors who are authorities in their domains is also quite alluring.

Secondly, Czech's strategic location in Europe and its growing importance as a logistics hub make it an ideal place to study this discipline. The country's dynamic economic environment and its emphasis on innovation provide a stimulating backdrop for my studies. Furthermore, Technical University of Ostrava's emphasis on a liberal arts education, fostering critical thinking and a broad perspective, aligns well with my personal and academic goals.

Looking ahead, my aspiration is to become a successful entrepreneur who not only creates innovative solutions but also contributes to the community by

fostering economic development and job creation. I am particularly interested in exploring startup creation, corporate innovation, project management and sustainable business practices.

I am confident that the Bachelors in Business Administration program at Technical University of Ostrava will provide me with the knowledge and skills necessary to achieve my career aspirations. The chance to contribute to the dynamic campus community and immerse oneself in a demanding academic setting excites me.

Thank you for considering my application. I look forward to the possibility of contributing to and growing with Technical University of Ostrava.

Sincerely,

Antony Thomas
