LETTER OF RECOMMENDATION

I am writing the letter of recommendation for Bhanvi D/o Mr. Sandeep Sharma/Mrs. Shivani Sharma in support of her application to pursue further studies at your reputed College.

She has passed her 12th class examination under roll no.2023387418 in the session 2022-23 and scored 401/500 marks.

During the course of her studies, she is a competent and hardworking student. She has been forthcoming with answers to questions raised by me during the lecture sessions. She is an active participant in classroom discussions.

I, am of the view that she will be a worthy student at your prestigious University which will be an ideal place for her to improve her existing skills by pursuing further studies. Hence, I strongly recommend her to be considered as a prudential candidate for admission at your esteemed University.

With thanks and regards,
