

Statement of purpose

Ups and downs in one's life are unruly factors, but I have gone through such instances to believe that man is the architect of his fate. With adequate struggle, I believe that everything is possible. I am charmed to present myself as Hardeep Singh has always been a curious child with strong ambition and hail from Punjab, India. Concentrating intensively on tasks, I always adopt innovative methods. I consider an international degree to be the best move I can do for my profession and I am incredibly stimulated to pursue one. As an individual who wishes to rise to the challenge and enjoyment, I prefer to put forward my candidacy for enrolment in the Bachelor's in Management at Arden University in Berlin Germany. I would like to pursue this course as it would help to achieve my career aspirations.

A proper resource allocation is necessary for the expansion and sustainability of any business in today's fiercely competitive world. I believe that my articulate communication, leadership, decision-making, and interpersonal skills will help me to achieve my career goal to become a sustainable management professional. A Global Management degree is necessary for a management professional's portfolio. Hence, I am applying to this program at Arden University to update my skills and learn invaluable business management principles. I am certain that education from this renowned international institution in Germany will offer me the right opportunity to achieve my career goal to become an entrepreneur. By amassing sound knowledge as well as global insights about the business field, I am confident to establish myself in the same and realize my professional goals.

My education and understanding have so far introduced me to the many possibilities, methods, and techniques to be at the top. I completed my senior secondary school in 2020 with 90% marks. I passed my higher secondary education with 77% marks in 2022. Throughout my education, I was extremely active in all areas. My Education provided me with a platform to apply theoretical knowledge in a practical setting, as well as piqued my interest. My interest in the business management field intensified during my graduation days as my intellect sharpened. As a quick thinker and good listener, I understood the fact that I needed much more insight into certain areas. Being competent to cope with the workloads of the chosen course, I want to be a

facet of innovation in this field which is developing a better tomorrow and becoming a part of the workforce.

Choosing a course and career path that matches your interests and skill set is what is essential. I am really ardent about what I do and will be both happier and more productive at work. With the advancement in this field, I believe that I will shortly have many employment openings in the progress of various facets all around the globe. Concentrating intensively on tasks, my active participation motivates me, and here this curriculum helps me to understand the principles of the business management industry. In today's world, one has to be furnished with knowledge, experience, and ambition; that is why studying an international course is the key that would provide the crucial methods to be ahead and stand out anywhere.

Germany has a highly developed commercial sector and boasts an excellent cultural atmosphere. I would particularly like to study in Germany, as it is an advanced country with a great academic environment. Germany offers a higher quality education than my home country, India. The learning experience in this country would be valuable for me. Also, the degrees obtained from the universities of Germany are valued across the world. An advanced program in International and sustainable management from the revered Arden University of Germany will be the right choice for boosting my career as a business management professional.

By studying at Arden University in Berlin Germany, I expect to emerge with a highly practical understanding of approaches to business that can offer new opportunities for organizations in this contemporary dynamic business world. The extensive academic resources in the program, including the classes, lectures, industry links, and practical experiences, will help me achieve my career goals. I am determined and quite enthusiastic to pursue my International and business management and am looking forward to getting a global degree to work with some of the reputed organizations in my home country.

Through the program, I expect to soon have the necessary skills to help companies ensure an effective management system. In other words, I view education at Arden University in Berlin Germany as a crucial stepping stone toward my future career. By enrolling in this course, I look forward to enhancing my knowledge in the field of

business practice and managerial skills through practical experience. I believe that this course will update me with recent management business trends and technologies. Besides, it will empower me by helping me build a strong insight into the subject. Pursuing management is the most rational step toward my successful career ahead.

After thoroughly researching several websites of colleges offering courses in Business Management, I do not doubt that this college is the best to pursue my further studies. Studying at Arden University in Berlin Germany will provide me with an opportunity to obtain knowledge from the workshops and classes conducted by qualified instructors. Besides, this institution will also augment my personality with all the soft skills that are crucial for excelling in my career. The Arden University in Berlin Germany is the most well-equipped and modern campus. For me, there are a couple of reasons for choosing Arden University in Berlin Germany. First of all, it has a growing reputation in Germany education sector. Secondly, it is affordable compared to other institutions I considered while opting for this course. Moreover, I will benefit from the diversity of your campus as I get a chance to study with students from diverse cultural backgrounds. Interacting with students from diverse cultural backgrounds will help me to make connections and improve my communication skills.

After graduating from Arden University in Berlin Germany, I will return to my native country. At the end of my management course, I would be returning to India to join the ranks of a leading MNC. My parents are well-settled in India. Our family owns assets in our home country and my parents will provide me the much-needed financial support during my studies. My family would support my studies by helping me pay fees and other living expenses in Germany. The new managerial skills and business knowledge I obtain from Arden University in Berlin Germany can help me secure good jobs in my home country. Since my homeland, India, is one of the fastest-growing economies in the world, it offers plenty of opportunities for a professional like me. But having an international credential or degree certificate in international degrees can be an added advantage while seeking employment at reputed Indian MNCs. Besides, candidates with international qualifications have much better acceptance rates. This course will be a life-changing and career-making opportunity for me. After completion of my studies, I will come back to India, as I

need to look after my parents. The education from Arden University in Berlin Germany will build my future bright. On my return, to my home country, I will use all the experience, skills, and knowledge that I acquire from my study in Berlin Germany to get a good job in a multinational company in my home country.

I hereby request you to grant me the student visa and oblige.

Hardeep Singh
