LETTER OF RECOMMENDATION
TO WHOM-SO-EVER IT MAY CONCERN

I am pleased to recommend **Ms. Sukanya Ajit Dhawade** for admittance to the Master's Program in Aeronautical. I have known and observed her for the past three years since she was admitted to the undergraduate program at Priyadarshini College of Engineering. I have had the privilege of being Sukanya's professor for the Manufacturing Process in 4th semester. As per my observation, she has consistently demonstrated a strong understanding of complex engineering concepts and theories.

Sukanya has shown considerable interest in academics and cultural and sports activities. Furthermore, she has worked on "Design and Fabrication of Drone-Based Delivery System with Pulley Mechanism" for her undergraduate project.

I am happy to see her aspirations for higher education and believe she will make the most out of the program and would be a valuable fit at your esteemed institution. I strongly recommend her for higher education at your institution.

Yours Sincerely,

Dr. Pravin Khope
