### TO WHOMSOEVER IT MAY CONCERN

I am writing this recommendation letter in support of Rayala Harinaidu who is applying to the postgraduate course at your university. Rayala Harinaidu (Reg. No: 218004089) has completed undergraduation in Electronics & Communication Engineering from SASTRA Deemed University. I feel proud to inform and recommend him for Master studies at your esteemed university. I have known Harinaidu while he was studying at SASTRA Deemed University. As a student, he was dedicated and diligent.

I had been his professor in subject namely "Embedded Systems" during the seventh semester. During the course of my teaching, I have noticed an inherent ability for learning in him and he has played an active role in attending various department activities, and is a sportsman too. He has an eager learning mind and tackles problems in a very systematic way.

Harinaidu is determined to pursue his further studies. I am confident that as an individual he will take end-to-end responsibility of a task, keeping the team motivated, and deliver quality output well within the deadline. Wishing all the success in his future endeavours.

Thank you,

*Aheer*
