### ABOUT MYSELF

A results-driven Junior Financial Analyst with a strong foundation in Economics and Mathematics, complemented by hands-on experience in financial modeling, data analytics, and strategic financial planning. At Wipro, I excelled in developing comprehensive financial models, analyzing complex datasets to uncover actionable insights, and supporting investment decisions and long-term financial planning. My technical expertise is enhanced by my ability to communicate complex financial information clearly to stakeholders. With a commitment to continuous learning, I am eager to further my education in Germany, aiming to contribute to the country's economy by applying the advanced knowledge and skills I will acquire. Passionate about sports, reading, and exploring the world, I bring a well-rounded perspective to both professional and personal endeavors.
