For completing your online student visa application, we would advise that you refer to our [Applying for your Student visa webpage](#) and download our 'How to complete a Student visa application' guide (Adobe PDF).

Financial Requirements

To make a successful student visa application, you must show that you have enough money to pay the course tuition fees and living costs (also referred to as 'Maintenance') while in the UK. Most international students are either self-funded or hold an official sponsorship. Download our factsheets (Adobe PDF) from the links below for full details of the financial requirements at:

Factsheet for Self-funded students: <http://hud.ac/pdm>

Factsheet for officially sponsored students: <http://hud.ac/pdl>

Credibility interviews

The Home Office holds these online interviews for most individuals applying for a Student visa from overseas as well as in the UK. The interview aims to confirm that you have a genuine intent to study in the UK and that your declared circumstances are genuine. During the interview, you will also need to demonstrate that your English language skills are adequate to pursue your chosen course and level of study. See our [credibility interviews webpage](#) for further information.
