

PES UNIVERSITY

(Established under Karnataka Act No. 16 of 2013)

CELEBRATING 50 YEARS

Faculty of Pharmaceutical Sciences

LETTER OF RECOMMENDATION

To Whom This May Concern,

My name is Dr. Mukund Handral, and I feel proud to offer my recommendation for Sukrutha.M who pursued her Bachelor of Pharmacy (2014-218) from PES College of Pharmacy, Bangalore.

As Sukrutha's professor and mentor during her period of studies, I have personally known her. She is a confident student with strong communication skills, she is smart, and she conducts herself in a pleasant and respectable manner, as I have noticed in my interactions with her. Furthermore, she is self-motivated and maintains a positive outlook in all circumstances.

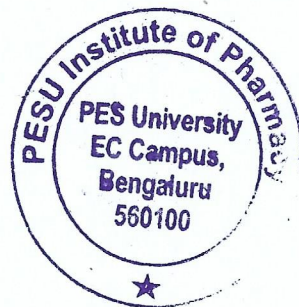

I have taught her the subject Pharmacology and Toxicology during 3rd and 4th semester. I was so impressed by her dedication and hard work. I was happy to hear that she planned to pursue a master's degree when she first informed me of her plans a year ago, but I am even happier now that I have had the chance to work alongside her and evaluate her skills.

I would like to recommend Ms. Sukrutha to your prestigious university. I am sure that she will be a valuable addition to your university.

I wish her all success.

Warm Regards,

Dr. Mukund Handral
Professor, HOD,
Department of Pharmacology,
PES University, Bengaluru-560100
Karnataka, India
