LETTER OF RECOMMENDATION

It is a great pleasure that I write this letter of recommendation for Jaswinder Singh who is known to me as Diploma student from 2015 to 2018. Jaswinder Singh was a bright student of Doaba Polytechnic College in Mechanical Engineering. He is a quick learner and has swiftly picked up the real life application course. I am writing this letter of recommendation to endorse Jaswinder Singh application to pursue higher studies at your university.

He has excellent communication skills and interpersonal skills and is able to interact well with his fellow students. Jaswinder Singh is a friendly and dawn to earth person. He works closely with other people and has developed a rapport with the department. Jaswinder Singh is mature and can handle difference of opinion in a composed manner. He has good leadership traits to handle all types of group members and tasks in a very innovative way. His ability to focus on a particular issue is remarkable, however, he can also cope-up with several inter-disciplinary issues that demand simultaneous attention.

I wish him good luck for his future and recommend him as a very sincere student to study in your well esteemed University.

Er. Balwinder Singh
Head of Department & Assistant Professor
Department of Mechanical Engineering
